

Sun Tunnel™ Skylights

Leading light into any space

VELUX®

The No Leak Skylight™

Transform your home in an afternoon

How a Sun Tunnel works:

1. Sunlight is captured on the roof.
 2. Light travels through highly reflective tunnel.
 3. Light is distributed in room.
-

Bright, Natural Light

Why Skylights?

The VELUX Sun Tunnel Skylight is an ideal solution for bringing natural light into interior rooms such as **hallways, bathrooms, kitchens, laundry rooms, top of stairs, closets, etc.** Any room that would benefit from natural light, but does not require ventilation or a view to the outside.

Benefits

Save on energy bills, and give your home a healthy, more inviting feeling throughout the day. Optional accessories can be added to help customize the way light affects your room. Quick and easy installation since no structural changes to home.

Available sizes:

10"

14"

22"

How to choose your Sun Tunnel™ Skylight

Step 1: Determine light coverage to find your model and number of units required

Roof Exposure	Light Coverage Needed		
	< 150 sq. ft	150-200 sq. ft	200-325 sq. ft
All exposures	TMR 010 TMF 014	TMR 010/014 TMF 014	TMR 014
South exposures	TGR 010 TGF 014 TLR 014	TGR 010/014 TLR 014 TGF 014/022	TGR 014 TGR 022 TCC 022
Flat roof	TCR 014 TCC 022 (up to 400 sq. ft.)		

Small/square spaces

- If < 150 sq. ft 1 unit required.
- If 200 sq. ft + consider rigid or multiple units.

Narrow/rectangular spaces

- Consider multiple units.

Step 2: Choose your tunnel type

 Rigid	Flexible
Provides the best light output. It is quick and easy to install. Models: TMR, TGR, TLR, TCR & TCC	Recommended for attics with many obstructions. Models: TGF & TMF

Step 3: Sun Tunnel extensions

ZTR - Rigid tunnel extensions

For longer tunnel runs 2', 4' and 6' tunnel extension pieces are available in 2' increments.

ZTF - Flexible tunnel extensions

12' flexible tunnel replaces the standard 8' flexible tunnel.

Step 4: Added energy efficiency

NEW ZTC 41 - Energy Kit

Contains an upper prismatic tunnel cap and a clear lower tunnel cap that increases the energy efficiency of the daylighting system, provides multiple layers of protection and increases the quality of the light diffusion within living spaces. Available for all sizes.

Meet your improved Sun Tunnel

NEW ZTZ 213 – Universal solar powered night light

When the sun goes down, let a moon-like glow light your way. Provides constant soft, soothing light all night long.

NEW Decorative diffuser upgrade options

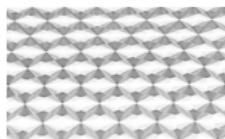

ZTB 4004
Micro Fresnel

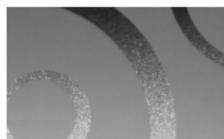

ZTB 4005
Triple Wave

ZTB 4006
Brushed Metal

ZTB 4007
Prismatic

ZTB 4008
Bubbles

ZTB 4009
Neutral Light
Converts daylight to appear more like a traditional household light bulb with a warm yellow bias
